

To get to the toll road from the border after entering Mexico through their customs drive in the far right lane. Once you get to the point to where traffic is merging with you from the right side, immediately start looking for a chance to move to the far right lane that just formed to your right. Very quickly after that is the exit to the right to Rosarito by means of the "Scenic Road" AKA toll road to Rosarito / Ensenada. That will take you to the road that runs along the international border.

Follow your exit ramp straight ahead as it leads into the road running along the border - the huge border barriers will be on your right. This road goes up a hill sweeps to the left and heads down hill - near the bottom you'll take the right hand exit toward Rosarito / Ensenada. Up another hill and then you'll drop down to Playas de Tijuana intersection. Since we are going to Rosarito Beach we'll follow the road as it curves left. - Do Not Exit. Keep to the left. As you continue around the curve, the road will straighten out, and you will come to the first toll booth (This will be your only toll as if you get to the next toll booth you have gone too far). A toll fee of \$2.00 US dollars (varies depending on exchange rate) will take you all the way to Rosarito Beach.

The remaining portion of the Toll Road is a four lane divided roadway all the way to Ensenada. Congratulations, the worst is now behind you! The remaining part of the trip is "a piece of cake." Enjoy the view along the ocean. The 17 mile scenic trip will take about fifteen minutes. At Rosarito Beach, there are four exits off the toll road. The first exit will take your right into town. You'll drive along Benito Juárez Boulevard (main street) for about two miles to the Downtown area. Avoid city traffic by staying on the toll road and take the fourth exit under an arch that welcomes you to Rosarito. This exit takes you directly to downtown (two short blocks). Once you exit and go two blocks to the main road of Benito Juarez (as far as you can go), turn to your right and go five blocks. The Oceana Towers and Oceana Casa del Mar will be visible behind the shops and on the beach.

Take a left and find a parking space. Rosarito Inn reception office will be in the building to your right.

If you have trouble finding it, just ask one of the guards at Oceana Towers and he will be happy to point out the office.
